## WHY WORK WITH US?

Real time information at your fingertips. Our award winning solutions will enable your business to operate more efficiently and save money. Best of all, we keep it simple.

## Microsoft Intune

Intune lets your customers manage their company devices (MDM – Mobile Device Management). These devices can be phones running Android, iPhones, Windows phones, Tablets running Windows 8.1+, or computers running Windows newer than Vista.

**KEEP DEVICES UP TO DATE**

**CREATE ALERTS FOR WHEN YOU HAVE ISSUES**

**ANTI-MALWARE PROTECTION**

Protect and manage these devices against viruses and threats

Require encryption on these devices, so that if they are lost nobody can get to the data

Easily create an inventory of your company's assets

Control e-mail access settings, such as whether devices can download attachments

Require devices to have a password and control the complexity of it

Block camera

Control browser settings

Block appstores

Wipe missing or stolen devices remotely

Disable roaming

## FLEXIBLE

We have the technology, infrastructure and resources to deliver a robust and resilient service while your partner has the experience, expertise and know-how to save you money and deliver the right solution for your needs.
