(·)) VoIP.

Cutting edge communications

Hosted VoIP, hosted IP, hosted PBX, VoIP – whatever you want to call it – voice over the internet is a revolutionary technology, turning a simple internet connection into a fully functional phone system.

FEATURES

VoIP.plan offers our partners a secure, robust and resilient platform, proven across 170 countries and trusted among 95% of the Fortune 1000 US corporations, all via our award winning **partner.portal**.

✓ Full control over UK landline and mobile call rates, and you can even tailor international call rates on country by country basis to suit your customers' needs.

✓ Three simple packages - basic, standard and premium, suitable for everyone from sole traders to multi-national enterprises.

✓ Great value, pre-configured hardware from industry leaders Polycom and Yealink that simply 'plug and play'.

✓ VoIP.plan is the most simple, flexible and complete VoIP solution in the market today.
