my.plan | BETA

YOUR EXCLUSIVE INVITATION

TAKE THE POWER BACK

This month sees the launch of the new my.plan beta. Stacked with insightful tools and new features, you'll experience complete control over your base like never before.

Out of our network of over 600 partners, we're inviting YOU to take part in fine tuning our final product. Why? Because your knowledge, expertise and passion for the industry matches our own! By working together, we know we will polish my.plan to a level so far above anything else on the market.

THE IMPACT OF EVERYTHING UNLIMITED

With unlimited data tariffs launching from all the major networks and 5G on our doorstep, things are looking up for people who are hungry for constant, unbridled connectivity at a flat price. But how can the partner channel prove its value in a world without any limits and where the only real differentiator is price?

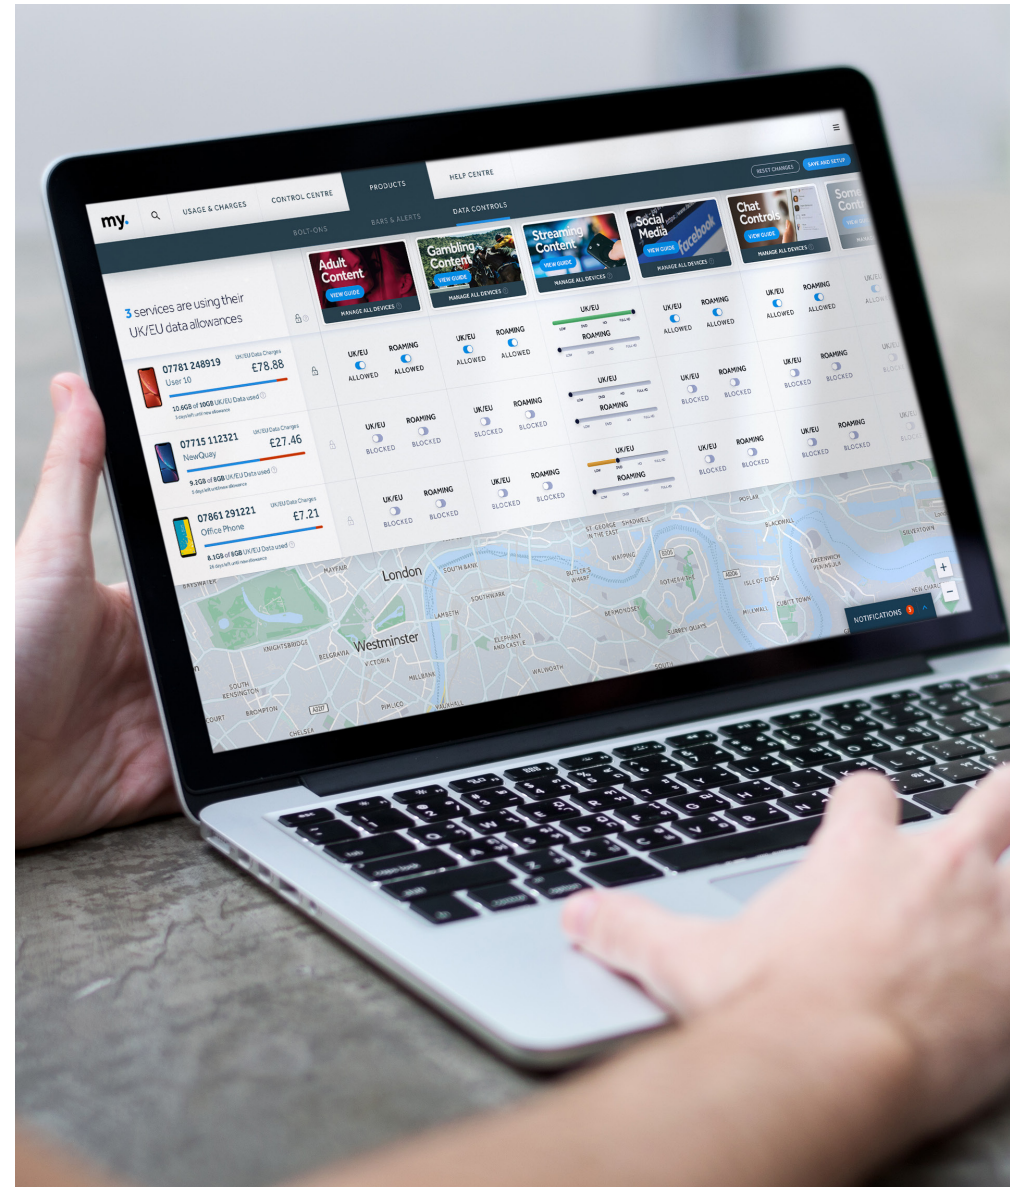

THAT'S WHERE MY.PLAN COMES INTO ITS OWN

When it comes to business, unlimited data, voice and SMS are great news for the end user but a real challenge for those trying to manage their productivity. And of course, this is not only affecting mobiles – from VoIP to laptops, IoT to broadband – it's changing the way people use all communications devices.

We've built new tools to allow complete management of the account, including:

- Location tracking and management
- Data and category restrictions
- In-depth data insight and restrictions
- User profiles and group management
- Proactive notifications
- Fully interactive invoices

All of this is built into our new, easy to use interface that gives you unparalleled service and control. my.plan is an incredibly powerful new tool that gives you the cutting edge and gives your customers complete piece of mind as you literally 'take the power back'.

BRAND NEW REVENUE STREAMS

With this new level of control and insight, up-sell isn't stifled but actually driven!

my.plan will introduce a brand-new upgrade opportunities that allows customers to choose (and pay for) the level of service and control that their business needs. This gives YOU the power to grow your business by earning commission for the level of products and services that each customer needs.

We'll be releasing more details about the upgrade path and what's included in each package, including their pricing and your commission, soon.

GET INVOLVED

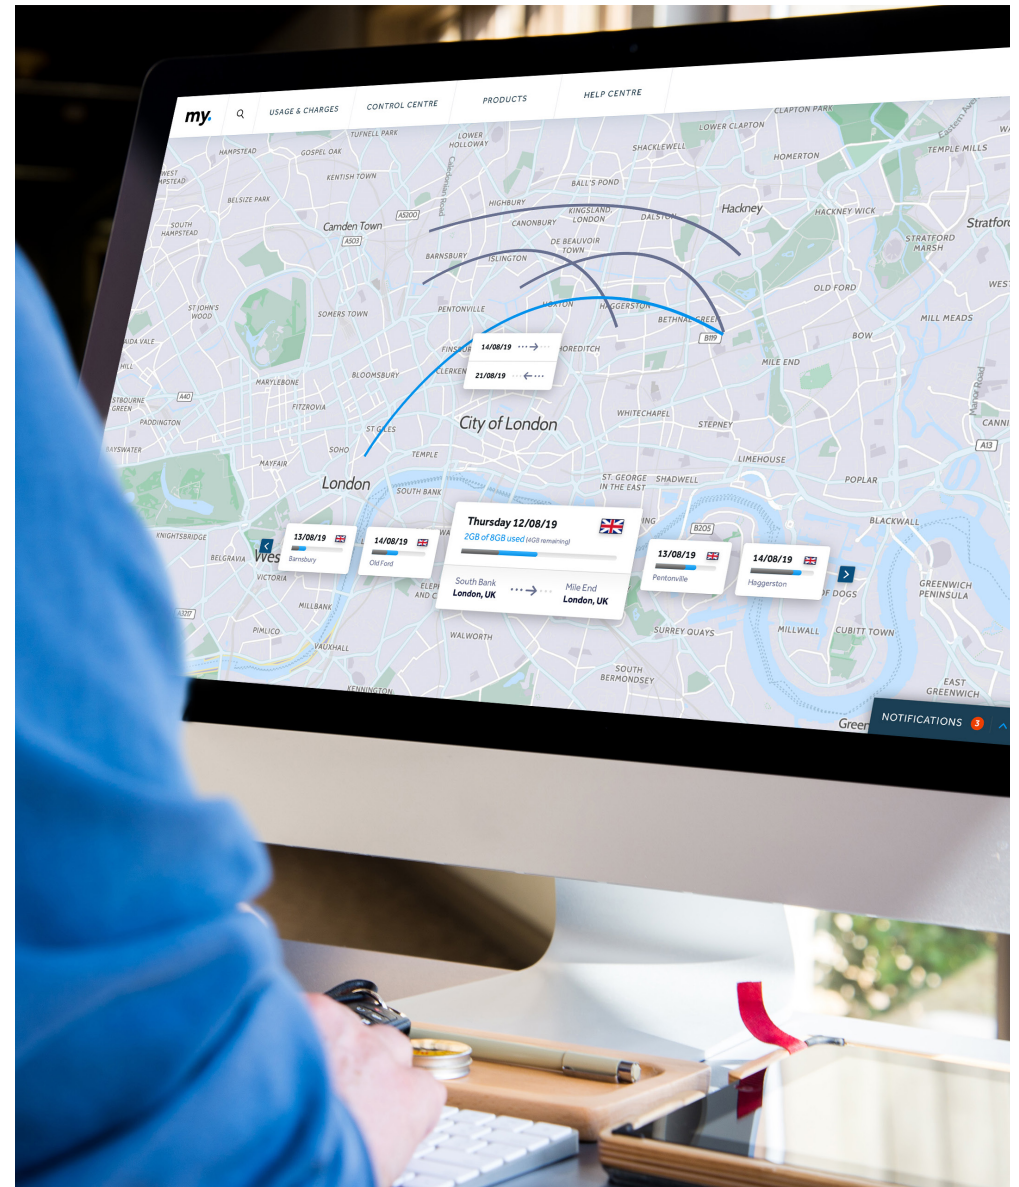

We're staggering this launch to match your schedule so you can get a real feel for the product. We'll do weekly surveys and catch up calls so we can really see what's working for you and what's not and keep you in the loop every step of the journey. And we're always on-hand thanks to Live Chat built directly into my.plan.

New features will be added throughout the process so that we don't swamp you from the get go allowing you, and us, time to perfect each and every element.

We know we've been talking about my.plan for some time... well now it's time for us to show you what's got us so excited.

With my.plan, unlimited data doesn't mean unlimited headaches, it means unlimited opportunity.

Let's connect.

The logo for plan.com, featuring the word "plan" in a bold, black, sans-serif font, followed by ".com" in a smaller, black, sans-serif font. A small blue dot is positioned between the "n" and the period.The text "COMING SOON" in a white, uppercase, sans-serif font, centered horizontally. The background features a network diagram with nodes and lines, and a smartphone at the bottom.
